Kamptee, Nagpur

PROFILE SUMMARY

Motivated computer science graduate with a solid foundation in web development and a growing interest in cloud infrastructure and IT support. Proficient in HTML, CSS, JavaScript, React, and Next.js, with hands-on experience in building responsive and interactive web applications like a financial calculator and a tour booking website. Experienced with back-end technologies like Express.js and MongoDB for full-stack development.

Currently expanding skills in Linux system administration and PowerShell scripting, with a strong focus on cloud platforms and infrastructure tools. Eager to apply problem-solving abilities and technical versatility to support scalable, secure, and efficient IT environments.
